

TITLE II

REGULATING COMMERCIAL SOLID WASTE COLLECTION, TRANSPORTATION, OR DISPOSAL

Chapter 2.01 **COMMERCIAL SOLID WASTE COLLECTION, TRANSPORTATION, OR DISPOSAL**

2.01.010 Purpose and Declarations.

A. It is hereby declared and determined that the business of collecting and subsequently transporting, transferring, disposing and/or recycling of commercial solid waste generated, kept or accumulated in the SWA region, as defined herein, affects the health, safety, public welfare and quality of life of the inhabitants of the SWA region. The SWA further declares that the business of collecting and disposing of commercial solid waste is a public service and should be regulated by the SWA. The use of any public street or public property in connection with such business is of great concern to the SWA and should be regulated by the SWA. Therefore, it is the purpose of this code to provide such regulation.

B. It is further declared that the business of collecting of commercial solid waste is a distinct marketplace from the business of moving, hauling, landscaping and cleaning services, that may be occasionally augmented by waste removal and/or disposal, provided out of necessity to residents and businesses within the SWA region, and generally proffered by special businesses.

C. It is the further purpose of this code to regulate such business in order to ensure its orderly operation, and to minimize the adverse effects it may have on the local environment. It is also the purpose of this part, aside and apart from regulation, to require compensation for the value of the franchise issued by the SWA.

D. It is the further purpose of this code to provide for the uniform regulation of commercial solid waste collection, removal and transportation within the geographical area of the SWA.

E. It is the further purpose of this code to provide a mechanism to require the diversion of a sufficient portion of the commercial solid waste stream generated within the SWA's jurisdiction to enable the SWA member agencies to meet the solid waste diversion requirements set forth in Public Resources Code section 41780. It is the intent of the Board in this regard to require all holders of commercial solid waste franchises to satisfy the diversion requirement of this code through the diversion of commercial solid waste that is being disposed of in solid waste facilities. It is the intent of the Board in establishing a diversion requirement for the franchisee to take into account the existing diversion of recyclable materials by recycling businesses, brokers, and generators that would otherwise become solid waste. It is not the Board's intent to allow franchise holders to satisfy this diversion requirement by assuming credit for materials that are not recognized by the CalRecycle as recyclable materials or for the diversion of recyclable material that is currently being diverted by other parties.

F. Pursuant to the provisions of SWA Joint Powers Agreement, the SWA hereby elects to have the grant of franchises governed by this code, and any ordinances amendatory thereof, and these provisions shall constitute the exclusive

procedure applicable to the granting of franchises for the conduct of the business of collecting, transporting or disposing of commercial solid waste.

G. If any portion of this code is for any reason held invalid or unconstitutional by any decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining part of this code.

2.01.030 Collection or Transportation Prohibited.

Except as authorized by sections 2.01.040 and 2.01.050 hereof, it shall be unlawful for any person to engage in the business of collecting, removing or transporting commercial solid waste, including putrescible organic material, or otherwise organizing, directing, sponsoring, or causing the collection, removal or transportation of commercial solid waste within the SWA region without possessing a valid franchise granted by the SWA. Brokering any of the services identified in this subsection is lawful only as long as the services brokered are those of a hauling service provider who possesses a valid SWA franchise.

2.01.040 Franchise Requirement.

It is unlawful for any person to engage in the business of collecting, transporting or disposing commercial solid waste, accumulated or generated in the SWA region, or to engage in the business of soliciting accounts or invoicing customers for commercial solid waste service in the SWA region unless:

A. A franchise therefore has first been granted pursuant to the provisions of this code and such franchise is in full force and effect and a written franchise agreement therefore has been executed between such person and the SWA and such agreement is in full force and effect, or

B. The commercial solid waste is generated and hauled by the same person.

2.01.045 Commercial Solid Waste Generators.

Except as authorized by section 2.01.040 B above, businesses, schools and public agencies, non-residential properties, multifamily properties, and single-family residential properties managed by an organization or association, the party contracting for solid waste removal service, owners or generators of commercial solid waste, may not hire, select or contract with a person who does not hold a current and valid commercial solid waste collection franchise issued by the SWA to collect commercial solid waste. Commercial Solid Waste Generators must subscribe to a level of solid waste and/or recyclable material collection service, both container capacity and frequency of collection, that adequately meets the waste generation needs, as determined by the GME, of the Commercial Solid Waste Generator.

2.01.050 Exempt Collection or Transportation.

The following persons shall be authorized to collect or transport solid waste, including commercial solid waste, within the SWA region without a franchise:

A. The United States, State of California, the City of Sacramento, the County of Sacramento, a special district or other local public agency, or any employee or member of the Armed Forces thereof, when collecting or transporting solid waste

E. An operator or employee thereof of one or more industrial plants which are under single ownership, when collecting or transporting wastes which cannot be handled by standard solid waste collection equipment or which involve significant health, operating or handling hazards, including but not limited to, rice hulls, tomato pulp, chemical residues, explosives, and other toxic, noxious or hazardous substances, provided that all such wastes shall be deposited at an appropriate disposal area permitted pursuant to California State Solid or Hazardous Waste Management Standards.

B. The SWA Board may grant a franchise to an applicant based on compliance with this code. Any grant of a franchise by the SWA Board may be subject to such terms, conditions, rules, regulations, restrictions, and limitations, as the SWA Board deems necessary to protect the public health, safety, or welfare.

C. The SWA Board hereby empowers and grants to the Administrator the authority to administer and negotiate non-substantive changes to the franchise

agreements. The SWA Board may delegate authority by resolution to the Administrator to administer, negotiate and execute franchise agreements.

D. In order to avoid lengthy delays in the franchise approval process, the SWA Board hereby grants the Administrator authority to execute provisional franchise agreements with franchise applicants pending SWA Board consideration of a franchise authorization, should such an action be deemed necessary by the Administrator. No provisional franchise agreement shall be for a term longer than ninety (90) days.

E. Wherever approval by SWA is required, it shall mean approval by the Administrator as directed by the SWA Board.

2.01.070 Franchise Terms and Conditions.

A. All franchises granted to persons pursuant to this part shall be nonexclusive to allow franchisees to compete with each other for commercial solid waste and recycling service accounts. No provisions of this part shall be deemed to require restricting the number of franchises to one or any particular number, and no provision of this part shall be deemed to require the Board to grant any franchise if the Board finds or determines that the grant of any such franchise is not for the public good.

B. All franchises shall be subject to the terms and conditions specified in this code and any amendments thereto, in SWA Administrative Rules, in the franchise agreement and in all other applicable federal, state and local laws and regulations.

C. In granting any franchise, the SWA Board may prescribe such other additional terms and conditions, not in conflict with this code, as in the judgment of the SWA Board to be in the public interest.

The Sheriff's investigation may include, but is not limited to, obtaining the fingerprints and a photograph of the applicant, or any other person connected with the firm that the applicant represents, and the obtaining of reports from the state and federal law enforcement agencies and reports from any other appropriate sources.

b. The Sheriff shall evaluate each franchise application or proposal to determine whether the operation of the business which the applicant or party submitting the proposal represents would involve an unreasonable risk to the health, safety or general welfare of the public. In making such a determination the Sheriff shall consider the character of the applicant or party submitting the proposal and each director, officer, manager and other person who exercises policy control over the operations of the applicant or proponent, the business responsibility of the firm which the applicant or party submitting the proposal represents, and the manner in which the firm intends to conduct its business.

a. An applicant has sixty (60) days from the date of this Notice to complete the application. Failure to submit a complete application in sixty (60) days from the date of this Notice means the application is automatically rejected with no action necessary on the part of the SWA. Any application submittal after sixty (60) days after this Notice must be accompanied by the processing fee required by section 2.01.080 B of this chapter.

E. Upon concurrence with a positive recommendation, the SWA Board will award the franchise or will delegate authority to the Administrator, to award the franchise within a reasonable period of time. The Administrator will notify applicant in writing of an award.

Within fifteen (15) days of such meeting, the Administrator will make a final, written determination of the application, based on the reviews of additional evidence, together with the original application. Administrator will send a copy of all final, written determinations, including reasons for denial, if any, to both applicant and the Board.

B. Applicant may, within ten (10) days after receiving the Administrator's final denial, request a public hearing before the Board by submitting to the Clerk of the Board a written petition for an appeal hearing. If a public hearing is requested, the Clerk of the Board shall set the matter for hearing at the next regularly scheduled Board meeting or any later date as agreed upon by the applicant and Clerk of the Board. At such hearing, applicant may present evidence in writing and through testimony of its employees and others relevant to the application. During such hearing, the Board may demand from the applicant such additional information, as the Board may deem relevant and necessary. Standard rules of evidence are not in effect at such public hearing, and the applicant shall have the burden of proof to show facts demonstrating that the applicant does in fact meet the requirements of this code. Any hearing may be continued or adjourned to a stated time and place without the giving of further notice. The Board will provide applicant with a written explanation of its determination on the application within thirty (30) days of such hearing. The Board's decision is final.

C. If the term of an applicant's existing franchise expires while the application is under SWA review, the SWA Board or the Administrator, may administratively extend the term for such period of time as is required to complete the appeal process.

2.01.110 Awarding of Franchise.

A. A franchise shall become effective only once the applicant and the Administrator have signed a written agreement, and upon applicant's satisfying all of the requirements and conditions set forth in both this code and the franchise agreement.

B. A. The Board, or the Administrator pursuant to section 2.01.060(D), shall have the right to terminate any franchise granted pursuant to this code if the Board or Administrator finds, after a public hearing following not less than fourteen (14) days written notice to the franchisee, that:

- 1. The grantee has failed to comply with, or to do anything required of the grantee by, applicable provisions of the SWA Joint Powers Agreement, provisions of this code, provisions of the ordinance granting the franchise, or provisions of the franchise agreement; or
- 2. Any provision of this part becomes or is declared to be invalid and the Board expressly finds that such provision constitutes a material consideration to the grant or continuation of such franchise.

B. Any franchise granted pursuant to this part shall automatically be suspended whenever the grantee:

- 1. Fails to keep in full force and effect the insurance required by the franchise agreement; or
- 2. Fails to keep in full force and effect any applicable licenses or permits required by federal, state or local law.
- 3. The grantee has not conducted any solid waste collection activity for a period of twelve (12) consecutive months.

The suspension shall remain in effect until the grantee provides documentation satisfactory to the Administrator, verifying that the reason for the suspension specified above no longer exists.

C. The Administrator may suspend any franchise granted under this part if the grantee fails to submit timely reports as described in section 2.01.190. The Administrator must give fifteen (15) days written notice before suspending the franchise due to failure to submit timely reports. The suspension shall remain in effect for the period specified in the Administrator's notice unless the suspension is reversed or modified by the Administrator or upon appeal by the franchisee to the Board.

D. In the event the franchise granted pursuant to this part is terminated, the grantee shall have no right or authority to engage in commercial solid waste collection, transportation or disposal operations in the SWA region unless and until a subsequent commercial solid waste collection franchise is granted to the grantee. Nothing herein shall require the SWA to grant any subsequent franchise to the grantee.

E. In the event the franchise granted pursuant to this part is suspended, the grantee shall have no right or authority to engage in commercial solid waste collection, transportation or disposal operations in the SWA region during the period of suspension.

F. In the event any franchise granted pursuant to this part is terminated under section 2.01.140 (A) above, then within the time period specified by the SWA Board, the grantee shall:

1. Remove all of the grantee's, and any subcontractor's, solid waste containers from all service locations where services have been provided pursuant to such franchise; and

2. Properly dispose of any and all solid wastes in the containers at the time of removal.

G. If the grantee fails to remove any solid waste container or to properly dispose of any solid waste in any container within the time period specified by the SWA Board, the SWA may remove the container and/or dispose of the solid waste therein and may charge the grantee for the SWA's costs. The grantee shall pay to the SWA all of the costs incurred by the SWA in such removal and/or disposal within ten (10) days of the date of the SWA's invoice for such costs.

H. Notwithstanding any other provisions of the franchise agreement and section 2.01.150 below, franchisee may relinquish or otherwise terminate its SWA franchise with 30 days written notice to the Administrator.

2.01.150 Franchise Transfer or Assignment.

Any franchise granted pursuant to this part is a privilege to be held in trust by the original grantee. Any franchisee shall not sell, lease, transfer, assign or otherwise dispose of, either in whole or in part, whether by forced sale, merger, consolidation, bankruptcy, reorganization under bankruptcy laws or otherwise, a franchise issued pursuant to this code without the prior consent of the Board. Any such consent of the Board shall be subject to such terms and the Board may prescribe conditions as may be prescribed by the Board. This restriction includes the transfer of ownership of the franchise, or a majority of the ownership or control of the franchisee, or the conveyance of a majority of the franchisee's stock to a new controlling interest. Franchises shall become void upon the abandonment of same by franchisee.

2.01.160 Franchise Fees.

A. Each person engaging in the business of collecting, transporting or disposing of commercial solid waste kept, accumulated or generated in the SWA region shall pay a franchise fee to the SWA. The Board shall set the franchise fee by resolution.

B. Franchise fees shall be payable on a monthly basis, and shall be due and payable on the first day of the second month immediately following the month in which collection services were provided. Each payment shall be calculated in accordance with the provisions of this code.

C. The required franchise fee shall be paid to the SWA Administrator. Each payment shall be accompanied by a written statement, verified by the person making the payment, or a duly authorized representative of the person, showing the calculation of the franchise fee payable in such form and detail as the Administrator, may require and such other information as the Administrator, may determine is material to a determination of the amount due.

D. No statement filed under this chapter shall be conclusive as to the matters set forth in such statement, nor shall the filing of such statement preclude the SWA from collecting by appropriate action the sum that is actually due and payable.

E. The payment of franchise fees to the SWA pursuant to this part shall be in addition to any license fee or business tax prescribed by any local jurisdictions for the same period.

F. If franchise fees are not paid by the grantee at the times required by this chapter, then in addition to the franchise fees, the grantee shall pay a late payment charge in an amount equal to ten percent (10%) of the franchise fee that is due plus interest equal to one and one-half percent (1 ½%) for each month in which the franchise fee was not timely paid. This late fee will be a minimum of \$200 but will not exceed \$1000. The Administrator may, at his/her sole discretion, charge and collect the delinquent franchise fees and any and all late payment charges from the financial guarantee mechanism required in section 2.01.080(C)(4) of this code.

G. Commercial solid waste franchise fees shall be payable on all gross collection revenues collected by a franchisee from its commercial solid waste collection customers located within the SWA region. The franchise fee shall be calculated based on gross collection revenues prior to franchisee imposing the franchise fee on its customers.

H. The SWA may require that each franchisee pay a minimum annual franchise fee. The Board will set by Resolution a minimum franchise fee, which may be amended by the Board from time to time. Any franchisee whose total gross collection revenues do not result in a payment of a franchise fee in an amount equal to, or above, the minimum franchise fee set by the Board for that calendar year, may be charged the difference between the franchise fee calculated on its annual gross revenues and the minimum franchise fee.

2.01.165 Financial Incentives

The GME is authorized to implement financial incentive programs to promote diversion programs additional to the diversion requirements of this code. Incentive programs may include but are not limited to the following: (1) the waiving of franchise fees owed to the SWA; (2) providing credit towards the payment of future franchise fees to the SWA; and (3) the use of franchise fee revenues to subsidize development of infrastructure necessary to support additional diversion programs and/or offset costs associated with additional diversion programs. Financial incentive programs shall be effective on the thirtieth (30th) day following the filing of any such incentive programs

with the Clerk of the Board. The funds for the incentive program, in the form of the waiving of, or providing credit towards, franchise fees, or use of franchise fee revenues, may not exceed the funds allocated for the incentive program by the Board by budget resolution.

2.01.170 Use of Franchise Fees.

The SWA fees and revenues collected pursuant to this code shall be deposited into the SWA fund and, in accordance with the limits set in the SWA annual budget, may be paid out of the SWA Fund to cover SWA administrative, program and member distributions.

2.01.180 Franchise Operations.

A. All new customer service agreements executed after the effective date of the franchise must contain clauses that automatically terminate such customer service agreements in the event that the franchise or franchise agreement is terminated. Upon termination of any franchise, franchisee is required to notify all its customers in writing within thirty (30) days of such termination and provide verification to the General Manager/Engineer, and/or his or her designee.

B. Franchisee must offer recycling services to each of its customers or provide its customers with a list of companies who provide recycling services in the area.

C. The customer service agreement shall provide for the requirements relating to the frequency and hours of collection, the size, placement and care of the containers, pursuant to the standards set forth in section 2.01.310, and special collections.

D. Customer service agreements must be provided to the customer by the franchisee upon request.

2.01.190 Reporting Requirements.

A. The grantee shall file with the Administrator a quarterly report of the quantities of commercial solid waste collected, transported, diverted, and/or disposed. Such report shall be in such form, including electronic form, and detail as required by the Administrator. Specifically, the report shall the following information:

1. The commercial solid waste tonnage collected and removed within the SWA region during the previous quarter;
2. The commercial solid waste tonnage collected and removed during the previous quarter within the SWA region that was diverted and the location of the facility where such solid waste was diverted;
3. The commercial solid waste tonnage collected and removed within the SWA region that was disposed of during the previous quarter and the location of the disposal facility where the disposal of such waste occurred; and
4. The progress in implementing its Diversion Plan and achieving the diversion performance requirements set forth in section 2.01.230 hereof.

B. Franchisees may use information supplied by diversion facilities to meet the requirements of this chapter.

C. All franchisees shall maintain quarterly records, on forms, including electronic forms, prescribed by SWA, containing such information as may be required by WMR pertaining to the number and types of accounts served by the franchisee. This information shall be provided to SWA upon request. If upon review of this information by SWA it is determined that the franchisee has claimed credit for the diversion of solid waste that is already being diverted by a third party for purposes of satisfying the diversion requirements set forth in section 2.01.230, such action by the franchisee shall constitute cause for termination or suspension of the franchise pursuant to section 2.01.140 hereof.

D. SWA shall establish guidelines, forms and other appropriate material to assist franchisee in preparing the reports required by this chapter. A franchisee's failure to file the reports required by this chapter shall constitute cause for termination or suspension of its permit pursuant to section 2.01.140 hereof.

E. To the extent permitted by the California Public Records Act, any reports, plans, and information required by this code or the franchise agreement shall be deemed confidential and shall not be subject to public disclosure except for each franchisee's aggregate totals.

F. If the quarterly report required under section 2.01.190(A) is not filed by the due date specified in the franchise agreement, the report shall be deemed delinquent, and the grantee shall pay to the SWA a delinquent report charge in the amount of fifty dollars (\$50.00). If the report remains delinquent for more than fifteen (15) days, the grantee shall pay to the SWA a delinquent report charge in the amount of one hundred dollars (\$100.00). Such delinquent report charge shall be in addition to any franchise fees or other charges payable by the grantee for the same period of time.

2.01.210 Restrictions on Franchisees.

The following restrictions shall be applicable to franchisees:

A. Except as provided in section 2.01.230 and except to meet the two-truck requirement of section 2.01.080(C)(3)(c), no franchisee shall, by contract, subcontract, or otherwise, share with another franchisee any office space associated with operations under a franchise.

B. No franchisee by contract, express understanding or indirectly, shall, in cooperation with another franchisee, divide, segregate or apportion any territory within the SWA region for the purpose of restricting competition within a particular territory.

C. No franchisee shall, directly or indirectly, enter into any contract, express understanding or other transaction with another franchisee for the purpose of fixing customer rates or charges or otherwise maintaining rates or charges at a particular level.

D. No franchisee or any director, officer, partner, joint venturer, sole proprietor or corporate owner thereof, shall be a controlling shareholder of, be a partner, joint venture, or sole proprietor, owner any of other interest in, or be employed by another franchisee. No franchisee which is owned in whole or in part by a corporation shall be effectively controlled by a person or entity by virtue of that person or entity's ownership of shares in the corporation, if the same person or entity otherwise controls

another franchisee. The sole remedy for violation of the provisions of this subparagraph shall be revocation or refusal to renew a franchise.

E. Each shall provide to the Administrator such information as the Administrator determines is reasonably necessary to facilitate effective administration of the franchise under the provisions of this code. Diversion information may be provided consistent with the framework for materials recovery facility (MRF) services and reporting of this code.

F. Notwithstanding any other provisions of this code, it shall be allowable for a franchisee having an interest in a materials recovery facility (MRF) to provide a reporting service, a solid waste processing service, and/or a recyclables processing service to another franchisee consistent with the framework for MRF services and reporting of this code.

2.01.220 Diversion Plans.

A. Each franchisee holding a franchise shall submit a Diversion Plan to SWA on an annual basis, no later than January 1 of each year. The Diversion Plan shall include a detailed description of how the franchisee intends to comply with the diversion requirements set forth in section 2.01.230 hereof. The Diversion Plan must include a description of the methods the franchisee intends to use, the facilities the franchisee intends to utilize, and the customer education and outreach efforts the franchisee intends to implement to satisfy its diversion requirements. SWA shall establish guidelines, forms and other appropriate material to assist franchisees in preparing the Diversion Plan required by this section.

B. Within ninety (90) days from the date of receipt of a Diversion Plan, SWA shall determine whether the Diversion Plan complies with the requirements of this section and, based on that determination, shall approve or disapprove the Diversion Plan. If SWA fails to approve or disapprove the Diversion Plan within such ninety (90) day period, SWA shall be deemed to have approved the Diversion Plan.

C. If SWA disapproves a Diversion Plan, SWA shall issue a notice of deficiency to the franchisee that identifies the specific reasons for the deficiency and specific recommendations on how to correct the identified deficiencies. Within thirty (30) days of receipt of the notice of deficiency, the franchisee shall correct the deficiencies and submit a revised Diversion Plan.

D. If SWA determines that the revised Diversion Plan still fails to meet the requirements of this section, SWA shall schedule a public hearing before the Board for the purpose of hearing testimony on the Diversion Plan and the deficiencies identified by SWA. After conducting the public hearing, the Board shall make a determination as to whether the Diversion Plan complies with the requirements of this section. If the Board determines that the Diversion Plan fails to comply with the requirements of this section, it may either grant the franchisee an additional period of time to correct any remaining deficiencies or revoke the franchise. If the Board grants the franchisee an extension, it shall continue the public hearing at which time it shall make a determination as to whether the franchisee has brought its Diversion Plan into compliance with the requirements of this section. If the Board determines that the Diversion Plan is still not in compliance at that time, the Board may revoke the franchise.

E. The failure to file a Diversion Plan shall constitute cause for termination or suspension of a franchise pursuant to section 2.01.140 hereof.

2.01.230 Diversion and Recycling Requirements.

Each Franchisee shall divert at a rate, measured as a percentage, by weight, of all commercial solid waste collected and removed by it within the SWA region. This diversion rate, and the date by which each franchisee shall be required to meet it, shall be established by the Board by Resolution. For purposes of satisfying this diversion requirement, the franchisee shall not be given credit for the diversion of any source-separated or commingled recyclables that are already being diverted by generators. The rate of diversion required by franchisees shall be subject to periodic review and adjustment to reflect changes in the total diversion rate for the commercial solid waste sector. Such periodic adjustment of the diversion required of franchisees shall take into account the amount of recyclable materials diverted by commercial recyclers, brokers, and other recyclables generators instituted subsequent to the effective date of this code.

A. Credit towards any franchisee's diversion requirement from loads of mixed C&D material will only be approved if the entire load of mixed C&D material is delivered to a SWA-certified C&D sorting facility and the scale house ticket for that load is "Stamped as Sorted" by the facility. The facility's current recycling percentage as defined in section 1.01.010 will be multiplied by the weight of the load and the resulting tonnage will be the franchisee's diversion credit.

2.01.240 Recycling Incentive Fee.

A. Each franchisee shall divert from landfill disposal a percentage, measured by weight, of all the solid waste collected.

B. Any franchisee not diverting the required percentage, by weight, of its waste stream shall pay a "Recycling Incentive Fee" of twenty dollars (\$20.00) per ton for the tonnage shortfall that would be needed for the franchisee to be diverting waste in compliance with section 2.01.230 of this code. The tonnage shortfall shall be based on quarterly reports and documented diversion reported by the franchisee, as determined by SWA staff.

C. The following formula will be used to address the difference in cost of recovery from a debris box waste stream and front-loader waste stream:

$$\text{Incentive Fee} \times \frac{(\text{Total Fleet} + \text{Debris Box Fleet})}{\text{Total Fleet}} = \text{Fee/ton}$$

This formula will be applied to each franchisee's truck fleet, and the tonnage shortfall, to determine each franchisee's incentive fee.

D. The implementation of the Recycling Incentive Fee does not relieve franchisee from the obligation of complying with the diversion requirements of section 2.01.230. Further, any franchise failing to meet the required diversion rate by the date established by the Board shall not be in compliance with this code, and, as such, subject to termination or suspension of their franchise, until such time as the franchisee makes up all diversion tonnage shortfalls. Failure to pay any Recycling Incentive Fee

shall constitute grounds for the immediate suspension of the franchise, without advance notice or hearing, pending compliance by the franchisee with the requirements hereof.

E. Franchisees shall be responsible for reimbursement of audit costs for SWA staff, and any other County or consultant services, to perform detailed audits where staff determines that documentation of diversion, as reported by franchisees, is inadequate. Where necessary, SWA staff will retain the services of an independent consultant to verify performance and conduct any necessary diversion audits.

F. Any moneys collected pursuant to this chapter shall be available to SWA for any use in its discretion.

2.01.260 Medical Waste.

A. Notwithstanding the requirements of section 2.01.230 hereof, franchisees shall not be required to divert treated medical waste and such waste shall not be included in determining a franchisee's compliance with the diversion requirements set forth in section 2.01.230.

B. All franchisees shall nevertheless report on a quarterly basis to SWA all combined or separately collected treated medical waste tonnage disposed of during the previous quarter by disposal location. SWA shall establish guidelines, forms and other appropriate material to assist franchisees in preparing such reports. A franchisee's failure to file the required treated medical waste disposal reports shall constitute cause for termination or suspension of its franchise pursuant to section 2.01.140 hereof.

C. No treated medical waste from commercial solid waste generators shall be delivered by a franchisee to a materials recovery facility for the purpose of recycling.

2.01.270 Inspection Authority and Internal Controls.

A. Each franchisee shall at all times maintain accurate and complete accounts of all revenues and income arising out of its operations under the franchise granted pursuant to this code; all solid waste collected, transported and/or disposed of; the source of such solid waste; the final destination of such solid waste, and all current customer service agreements held. Grantee's books, accounts and records, including customer service agreements, reasonably necessary for the enforcement of this code and the franchise agreement shall be made available for inspection, examination and audit during normal business hours by authorized officers, employees and agents of the SWA. The Administrator shall give written notice at least three (3) days prior to any inspection, audit or examination of these records.

B. Each franchisee shall establish and maintain internal controls compliant with GAAP and be able to demonstrate compliance with the SWA reporting requirements for the monthly Revenue Electronic Reporting Form (RERF) and Quarterly Diversion Reports. Such internal controls shall include measures to record, document and/or make available to the GME:

1. Weights and volumes of all solid waste collected from the SWA region by the franchisee's service accounts, detailed by each customer's location or locations.

2. Collection truck driver's logs and/or routing sheets, indicating the collection vehicle license plate number, driver's full name, service date, collection

locations with container sizes, and the name and location of the disposal and/or recycling facilities where collected materials were disposed of or recycled.

3. A list of customer accounts in the SWA region with customer addresses and contact information for the reporting period, including customers specifically subject to mandatory commercial recycling requirements in PRC sections 42649.2 and 42649.81.

4. A summary and copies of all the invoices related to commercial waste collection within the SWA region.

5. A summary and copies of all weight tickets issued by the disposal/recycling facilities for all solid waste and recyclable materials collected from the SWA region for the reporting period. The weight tickets must have the franchisee's company name or other adequate identifier, as well as the Jurisdiction of Origin of the solid waste or recyclable material, printed legibly on it.

6. A record of jurisdiction of origin of the solid waste and/or recyclables on all weight tickets.

7. A report linking weight tickets to the franchisee's service locations, including job sites, and customer's invoice numbers.

C. Where the Administrator determines that an audit is necessary, the Administrator may require that franchisees be responsible for reimbursement of audit costs, including any SWA, County, or Consultant services, to perform audits of accounts of all franchisee books, accounts, customer service agreements and records related to operations under the franchise granted pursuant to this code.

D. Each franchisee must provide a Designated SWA Audit Contact, along with their current mailing address, telephone number, and email address. Any changes to the Designated SWA Audit Contact (including mailing address, telephone number, or email address) must be provided to SWA within 30 days of any change.

1. All information provided to the SWA by the franchisee during an audit shall be certified by the Designated SWA Audit Contact as accurate and up-to-date;

(a) Any information provided to the SWA by the franchisee during an audit that is found to be out dated or inaccurate constitutes a violation of this section.

2.01.280 Implementation and Enforcement.

The implementation and enforcement of SWA Code is the duty of the General Manager/Engineer, and/or his or her designee. The General Manager/Engineer, and/or his or her designee, is authorized and directed by the SWA Board to implement and enforce this code.

2.01.290 Abatement Proceedings.

Any operation or activity contrary to the provisions of this code or a franchise agreement, including the terms and conditions of any franchise, is unlawful and shall constitute a public nuisance. The Administrator, is authorized to commence, in the name of the SWA, actions or proceedings for the abatement and removal and enjoining thereof in the manner provided by law, and shall take such other steps and shall apply to such court or courts as may have jurisdiction to grant such relief as will abate and remove such operation and restrain and enjoin any person, firm or corporation from so operating.

2.01.300 Notices.

A. Whenever a provision of this code authorizes or requires a public hearing to be conducted by the Board, notice of the time, date, place and purpose of the hearing shall be served upon each franchisee who is affected by such hearing.

B. Any written notice or other communication to a franchisee which is authorized or required by this code shall be deemed served and effective for all purposes when deposited in the United States mail, postage prepaid, and addressed to the latest address of the franchisee shown on file in the SWA records pertaining to the franchise.

2.01.310 On-Site Storage and Container Requirements.

A. Every owner of any multi-family residential property and every owner, operator or keeper of any business with a fixed location in the SWA region which generates solid waste and/or recyclable materials shall provide and at all times keep within an enclosure, or conveniently located near an enclosure or building, water-tight containers for solid waste and suitable containers for recyclable materials, and shall cause to be deposited in such containers, and not elsewhere, all solid waste and/or recyclable materials which accumulates on the premises. Every owner of any multi-family residential property, and every owner, operator or keeper of any business with a fixed location in the SWA region, shall ensure that containers be adequately sized and serviced with adequate frequency to meet the solid waste and/or recyclable material generation needs of the owner of the multifamily residential property or owner, operator or keeper of the business with a fixed location. All such containers shall have tightly fitted covers and shall not leak or permit the escape of odors. The General Manager/Engineer, or his or her designee, may require special container equipment, and/or container labeling with customer identifying information, in designated areas. Special equipment may include, but is not be limited to, functioning locking mechanisms. Notwithstanding the requirements of this section, generators shall not be required to set out or store recyclable materials together with solid waste and generators shall be allowed to appropriately store recyclable materials for collection separate from solid waste.

B. Every franchisee shall ensure at all times that containers be clearly identified with the name, or recognizable corporate or company logo, and phone number of the franchisee that is legible from a distance of fifty (50) feet. Containers shall identify the type or types of solid waste or recyclable material for which it is intended to be used. Containers shall be kept free of graffiti.

C. All containers used for the collection of solid waste must meet the requirements of this section and must be franchisee-owned or generator-owned, such as a grocery store chain or construction contractor that generates waste and owns their own containers. It shall be unlawful for a franchised hauler to use containers owned by a third party to collect solid waste within the SWA region, or for a non-franchised hauler to set out containers in the SWA region.

D. It shall be unlawful for any person to fail to comply with the requirements of this section.

E. Violations of the conditions of this section may become the basis for a referral by the SWA General Manager / Engineer to SWA member jurisdictions for further enforcement actions. In addition, violations of the conditions of this section, which are also material terms and conditions agreed to by franchisee in the franchise agreement and constitute franchisee contractual obligations, may be determined to be a material breach of a franchise agreement which may subject the franchisee to payment of liquidated damages to the SWA in an amount set forth in the approved liquidated damages schedule as adopted by the Board by Resolution.

2.01.320 Signs.

Each franchisee shall have permanently displayed in a prominent place on the exterior of each truck utilized in the collection, removal or transportation of commercial solid waste under its franchise a sign which contains such information as is required by regulation of EMD adopted pursuant to the provisions of the section 17344 of title 14 of the California Code of Regulations.

Such office shall have a local telephone number so that customers served by the franchisee may contact the franchisee without the necessity of making a long distance telephone call.

2.01.340 Solid Waste Disposal Restrictions.

- A. It shall be unlawful for any franchisee to do any of the following:
1. To operate or have an interest in a solid waste disposal site, other than a transfer/processing facility, within the SWA;

Certificates of Insurance shall be filed with SWA prior to the issuance of any permit.

D. Any act, omission or circumstance which results in the holder of a franchise being out of compliance with the requirements of this section during the term of the franchise shall constitute grounds for the immediate suspension of the franchise, without advance notice or hearing, pending re-establishment of compliance by the franchisee with the requirements hereof.

At the conclusion of the public hearing the Board shall be vested with jurisdiction to deny the appeal or to rescind or modify the regulation. The Board's determination in this regard shall be final.

No vehicle shall be used in the collection

and subsequent transportation, and/or disposal of commercial solid waste within the SWA region unless it carries a current, unrevoked tag or decal issued by the SWA authorizing such activity. The Administrator shall provide for each vehicle operated by franchisee, a durable tag or decal upon completion of a satisfactory vehicle inspection. Such tag or decal shall be securely fastened and maintained by the franchisee on each vehicle so as to be clearly visible. The Administrator may suspend the tag or decal of any vehicle that fails to meet the requirements of this section, and such vehicle shall not be used for the collection and subsequent transportation or disposal of refuse until the tag or decal has been reinstated by the Administrator. In the event any vehicle fails to meet the requirements of this code, or in the event any vehicle becomes temporarily or permanently inoperable or unavailable, the franchisee may transfer said vehicle's tag or decal to another vehicle to be operated by franchisee, which vehicle has passed inspection and does meet the requirements of this chapter. The franchisee must notify WMR of any changes to its vehicles or tags.

B. All trucks and containers used in the collection, removal, transportation or storage of commercial solid waste in the SWA region shall be subject to inspection by EMD for the purpose of determining whether or not the trucks and containers comply with sections 17341 through 17345 of title 14 of the California Code of Regulations, or any other regulatory requirements as determined by EMD.

2.01.410 Vehicle Requirements.

A. The bodies of vehicles used in the collection, removal or transportation of commercial solid waste in the SWA region shall have beds of metal or other impervious material which can be cleaned, and shall otherwise be of a type approved by EMD adopted pursuant to section 17341 of title 14 of the California Code of Regulations.

The franchisee must be the registered owner, as defined by Vehicle Code section 505, of all vehicles used in the collection, removal, or transportation of commercial solid waste in the SWA region under their franchised operations. If the applicant does not own at least two collection vehicles, a back-up agreement executed with another franchised hauler must be submitted for the provisions of meeting the two-truck requirement and/or ensuring that solid waste collection will continue if the franchised hauler's equipment is out of service.

2.01.420 Covered Load Requirement.

A. All franchisee vehicles and all privately owned or operated vehicles transporting solid waste, recyclable material, and/or organic material in the SWA region shall have their vehicle loads covered with a tarp or equivalent cover, or otherwise adequately secured, to ensure protection from littering during transportation.

B. Every LEA permitted or non-permitted waste disposal or recycling facility located in the SWA region shall post signs notifying the public that it is illegal to haul

uncovered or unsecured loads to the facility. These facilities shall cooperate with the SWA enforcement staff by providing covered load education and promotion information to their customers to help assure the effectiveness of this code.

C. This provision shall be enforced by SWA. SWA, the EMD, and the Sacramento County Code Enforcement agencies shall have citation power to enforce this code in the City of Sacramento and the County unincorporated area.

2.01.430 Rights Reserved to SWA.

In addition to all other rights reserved to the SWA under this code, the following shall apply:

A. There is hereby reserved to the SWA every right and power, and the exercise thereof, which is reserved or authorized by any provision of any lawful ordinance or resolution of the SWA, whether enacted before or after the effective date of this code.

B. Neither the granting of any franchise nor any provision of any franchise shall constitute a waiver of or a bar to the exercise of any governmental right or power of the SWA.

C. The grantee shall have no recourse whatsoever against the SWA, its officers, employees or agents or any of the SWA member entities, their officials, officers, employees, or agents for any loss, cost, expense or damage arising out of any provision or requirement of this code or of any franchise issued under this code or because of the enforcement of this code.

D. There is hereby expressly reserved to the SWA the power and authority to amend any chapter of this code so as to require additional or greater standards on the part of the grantee and the power and authority to increase the franchise fees to be paid by the grantee pursuant to section 2.01.160.

2.01.440 Other Franchise Provisions.

A. The SWA Board may expand or contract the scope of franchise agreements over time due to changes in law or interpretations of law.

B. The Administrator shall have the right to inspect franchisee's records for purposes of determining compliance with section 2.01.240 and other reporting requirements. The Administrator may also inspect franchisee's records to determine proper calculation and payment of franchise fees. The Administrator will provide franchisee with at least three (3) days advanced written notice of its intent to inspect any of franchisee's records.

C. The Administrator retains the right to terminate or suspend the agreement, as provided in the agreement.

D. The Administrator may restrict the hours of collection of solid waste or recyclable materials by franchised waste haulers in designated areas. Such restrictions shall be imposed only after promulgation of rules pursuant to section 1.01.390 of this chapter which specify the criteria and process for imposing such restrictions.

2.01.450 Related to Source Separated Material.

At direction of the Administrator, franchisees claiming that specified gross receipts are excluded from calculation of franchise fees will sort source separated materials or characterize or analyze those source separated materials by weight in a manner satisfactory to the Administrator in order to establish to satisfaction of Administrator that they are "source separated materials" as defined in this chapter. Source separated materials that were collected and subsequently landfill due to high contamination levels are subject to franchise fees. Disputes over whether gross receipts are excluded from calculation of franchise fees will be resolved by the Administrator. The Administrator's decision may be appealed to the SWA Board, explaining the basis of the appeal, within ten (10) days of the Administrator's decision and the prepayment of the SWA's projected costs and expenses of conducting the appeal, including related staff time and fees of consultants to the SWA. The burden of proof will be on the franchisee challenging the Administrator's decision. The SWA Board will hear the appeal and render a written decision that will be final. The SWA will return any excess prepayments to the franchisee within thirty (30) days of rendering the written decision by the SWA Board that directs return of any excess prepayments, or the franchisee will reimburse the SWA additional costs and expenses within thirty (30) days of rendering the written decision by the SWA Board that directs the franchisee to reimburse the SWA.
