

Sorting Station Best Practices

Set up sorting stations in the following order:

Tips and Best Practices

- Clear signage on the bins prompts proper sorting behavior
- Keep space for students to access the sorting station on both sides
- Placement of sorting station should flow with tray stacking ending nearest the exit
- Wipe down the sorting station every day
- Place station nearby share table so students can easily utilize share tables

Materials and Procedures

- In place at mealtimes
- Includes green and gray bins and tray stacking table
- Student and/or staff monitors at mealtimes
- Remove other trash cans in the cafeteria to reduce workload and ensure students use the stations
- Clear liners required food waste bins
